DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 14-28 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: previously submitted claims 1-13 are directed towards an internal antenna system, and external antenna system, an audiovisual outputting system and a computing system wherein TV data is received under the control of the computing system. However, the newly added claims are directed towards an internal wireless communicating system, an external entertainment and security wireless signal communicating system and an entertainment and security mode implementing system wherein an onboard control command nullifying mode and an off-board wireless security controlling mode are implemented.

2. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 14-28 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

3. Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
